REGARDING CONFERENCE WITH DOCTORS

11. On March 18, 2021, I was part of a remote video conference by Zoom with Drs. Andrew C. Todd, Ph.D., of Icahn School of Medicine at Mt. Sinai Hospital in New York, and Karl Jepsen, Ph.D., of the University of Michigan.
12. During that conference, a list of steps was shared by the doctors. A copy of that list is attached as Exhibit 7 to *Memorandum In Support of Washington And Chapman Plaintiffs' Motion To Extend Deadline For Opt-Outs, Registration And Objections By Sixty Days From March 18, 2021*.
13. They stated that they did not complete Step 1 because they did not receive Dr. Aaron Specht's protocol regarding how the device being used was customized.
14. The doctors stated that this information was important, in part, because it was necessary to achieve consistency between the devices used at the different sites.
15. The doctors stated that they were unable to obtain a device from the manufacturer for the purpose of conducting bone scans on people for this partial settlement.

I declare, under penalty of perjury, that the foregoing is true and correct.
